

8 Day SEDONA MEDICINE QUEST

May 9th - May 16th 2023

Sedona, Arizona

"We are the Ones we have been waiting for"

It is time for us to reclaim our birth rite as co-creators of destiny. Come and join me and my team on a sacred medicine quest in the heart chakra of North America, Sedona Arizona. Together we will awaken a unified consciousness of peace and bliss and initiate our personal embodiment of Heaven on Earth.

During this quest we will be held in a kind and generous container by a team of Shamans, healers, therapists, and practitioners. We will journey to ancient native sites in Sedona's Red Rock Wilderness area, tap into the natural energy vortexes, and drink plant medicines in sacred ceremony led by our powerful shamans and leaders. Our home base will be a breathtaking sanctuary on Sacred Mesa at the foothills of Sedona where we will enjoy acres of privacy, luxury accommodations and stunning views.

This quest is for those who wish to dive deep into the hidden layers of consciousness within themselves and the collective. We are coming together to remember and explore our next level of benevolent and sovereign power as embodied men and women. There are 18 spaces available for this journey, and they will go quick. This quest is a once in a lifetime opportunity. Honor the calling and come join us.
